Re: Freedom of Information Act Request

To Whom It May Concern:

Pursuant to the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552 et seq., Conservation Law Foundation ("CLF") hereby requests records pertaining to the environmental compliance of the facility listed on the Environmental Protection Agency Enforcement and Compliance History Online (ECHO) website as Twin Rivers Technologies Oleochemical Plant (Twin Rivers Technologies) at 780 Washington Street, Quincy, MA 02169 (FRS ID: 110000311190), as follows:

- Any and all Stormwater Pollution Prevention Plans (SWPPPs) developed in accordance with Section B of NPDES Permit No. MA0004073 ("the Permit") issued to Twin Rivers Technologies.
- Any and all cooling water intake structure (CWIS) Biological Monitoring Reports produced in accordance with Section F(3) of the Permit.

If possible, we request that all records are made available in an electronic format, with the ability to download the documents. To the extent you believe any requested records are exempt from disclosure, we respectfully request that you provide a log identifying which documents qualify as exempt, specifying the exemption or privilege asserted, and explaining how such exemption or privilege is applicable.

We request that the fees in connection with the collection and distribution of the records be waived, since Conservation Law Foundation operates as a non-profit, public interest law firm with 501(c)3 status. In the event that our request for a fee waiver is denied and fees are assessed, please provide in advance a written, itemized, good faith estimate of such fees.
